EPOXY FLOORING COATING PROTECTIVE

  /aneetachemicalpvt.ltd.6

Aneeta Chemical Pvt. Ltd.

Is Leading Manufacturer of Different Grades of Epoxy Resins,
Waterproofing Chemicals, Construction Chemicals.

Manufacturers :-

-  Epoxy Flooring
-  Water Proofing Chemicals
-  Tiles Grout Epoxy Material
-  Epoxy Resins Art Material
-  Construction Chemicals
-  Bengal Industry Material

Introduction

Established in **2016**, **Aneeta Chemicals Pvt. Ltd.** is a leading manufacturer and supplier of high-quality **chemical solutions**, including **Epoxy Resin, Epoxy Pigments, Tile Grout, and other** performance-driven products. Headquartered in India, we have built a reputation for quality, innovation, and customer satisfaction while steadily expanding into global markets.

With a state-of-the-art manufacturing facility and a skilled workforce, we ensure that every product meets strict quality standards for durability, safety, and performance. Our epoxy-based systems are known for their strength, chemical resistance, and eco-friendly properties, making them ideal for use in construction, industrial flooring, waterproofing, maintenance, and coatings.

Innovation is central to our growth. Our in-house R&D team continuously develops advanced, sustainable solutions that meet evolving industry needs. By leveraging modern technology and industry expertise, we create products that offer improved performance and easier application.

At Aneeta Chemicals, we prioritize customer satisfaction through personalized support, timely delivery, and customized solutions. Our strong distribution network and responsive service ensure we're always close to our clients.

As a future-ready company, we are committed to responsible manufacturing and sustainable practices. **Aneeta Chemicals** continues to empower industries with reliable, innovative, and eco-conscious chemical solutions.

Our Certifications

Why Choose Us

Premium Quality Products

We focus on quality and performance in every plastic waste grinder. Built with premium materials and modern technology, our machines ensure durability, efficiency.

Industry Expertise

We understand that different customers may have unique needs. We offer a range of customization options, allowing you to choose specifications that best fit your applications and budget.

Advanced Technology

We prioritize quality while offering cost-effective solutions. Our plastic waste grinders deliver long-term reliability, efficiency, and excellent value, helping you reduce overall operational expenses effectively.

Customer Centric Approach

We prioritize quality while offering cost-effective solutions. Our plastic waste grinders deliver long-term reliability, efficiency, and excellent value, helping you reduce overall operational expenses effectively.

Epoxy Flooring

Decorative epoxy floors are built to withstand the high traffic of a busy facility and offer wear, chemical, and slip resistance. Quartz floors are innately more durable than flake floors and have increased slip resistance. They are more often used in wet areas, such as locker rooms and bathrooms. Textured additives, such as aluminum oxide, can be used to increase slip resistance in any of our epoxy floors.

Specification :-

- ✓ High Strength
- ✓ Chemical Resistance
- ✓ Wear Resistance
- ✓ Pleasing Aesthetics
- ✓ Slip Resistance
- ✓ Easy Maintenance

Car Parking Flooring

Car Parking Flooring Not Only Protects The Concrete Structures But Also Makes An Otherwise Dank, Dark and Uninviting Area Into a Place Of High Recall. This System Also Ushers in Highest Levels of Safety And Also Contributes Towards Green Building Certifications.

Car Parking Area

Specification :-

✓ Weather Resistant

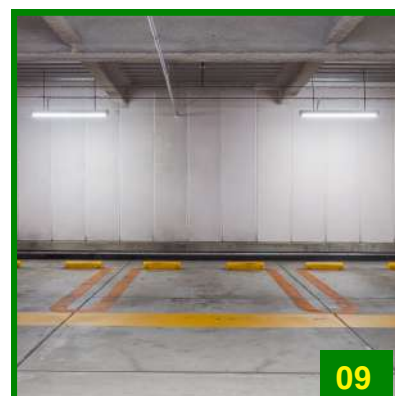

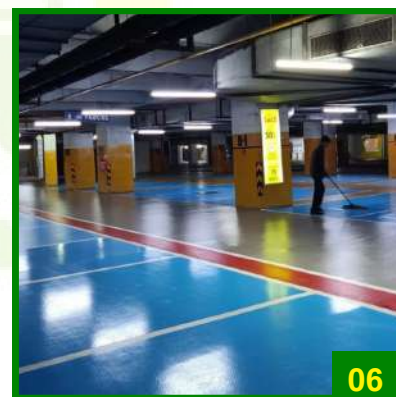

✓ Impact Resistant

✓ Anti-Slip

✓ Oil And Grease Proof

✓ Watertight and impervious

✓ High Mechanical Stress

PU Flooring

PU Floorings a high-performance solution ideal for industrial and commercial areas. Our PU flooring material offers excellent flexibility, abrasion resistance, and UV stability. It withstands heavy loads, chemicals, and daily wear, making it perfect for warehouses, pharma plants, food units, and parking zones. Easy to apply and maintain, it ensures a seamless, durable, and long-lasting finish.

Specification :-

✓ Weather Resistant

✓ Impact Resistant

✓ Anti-Slip

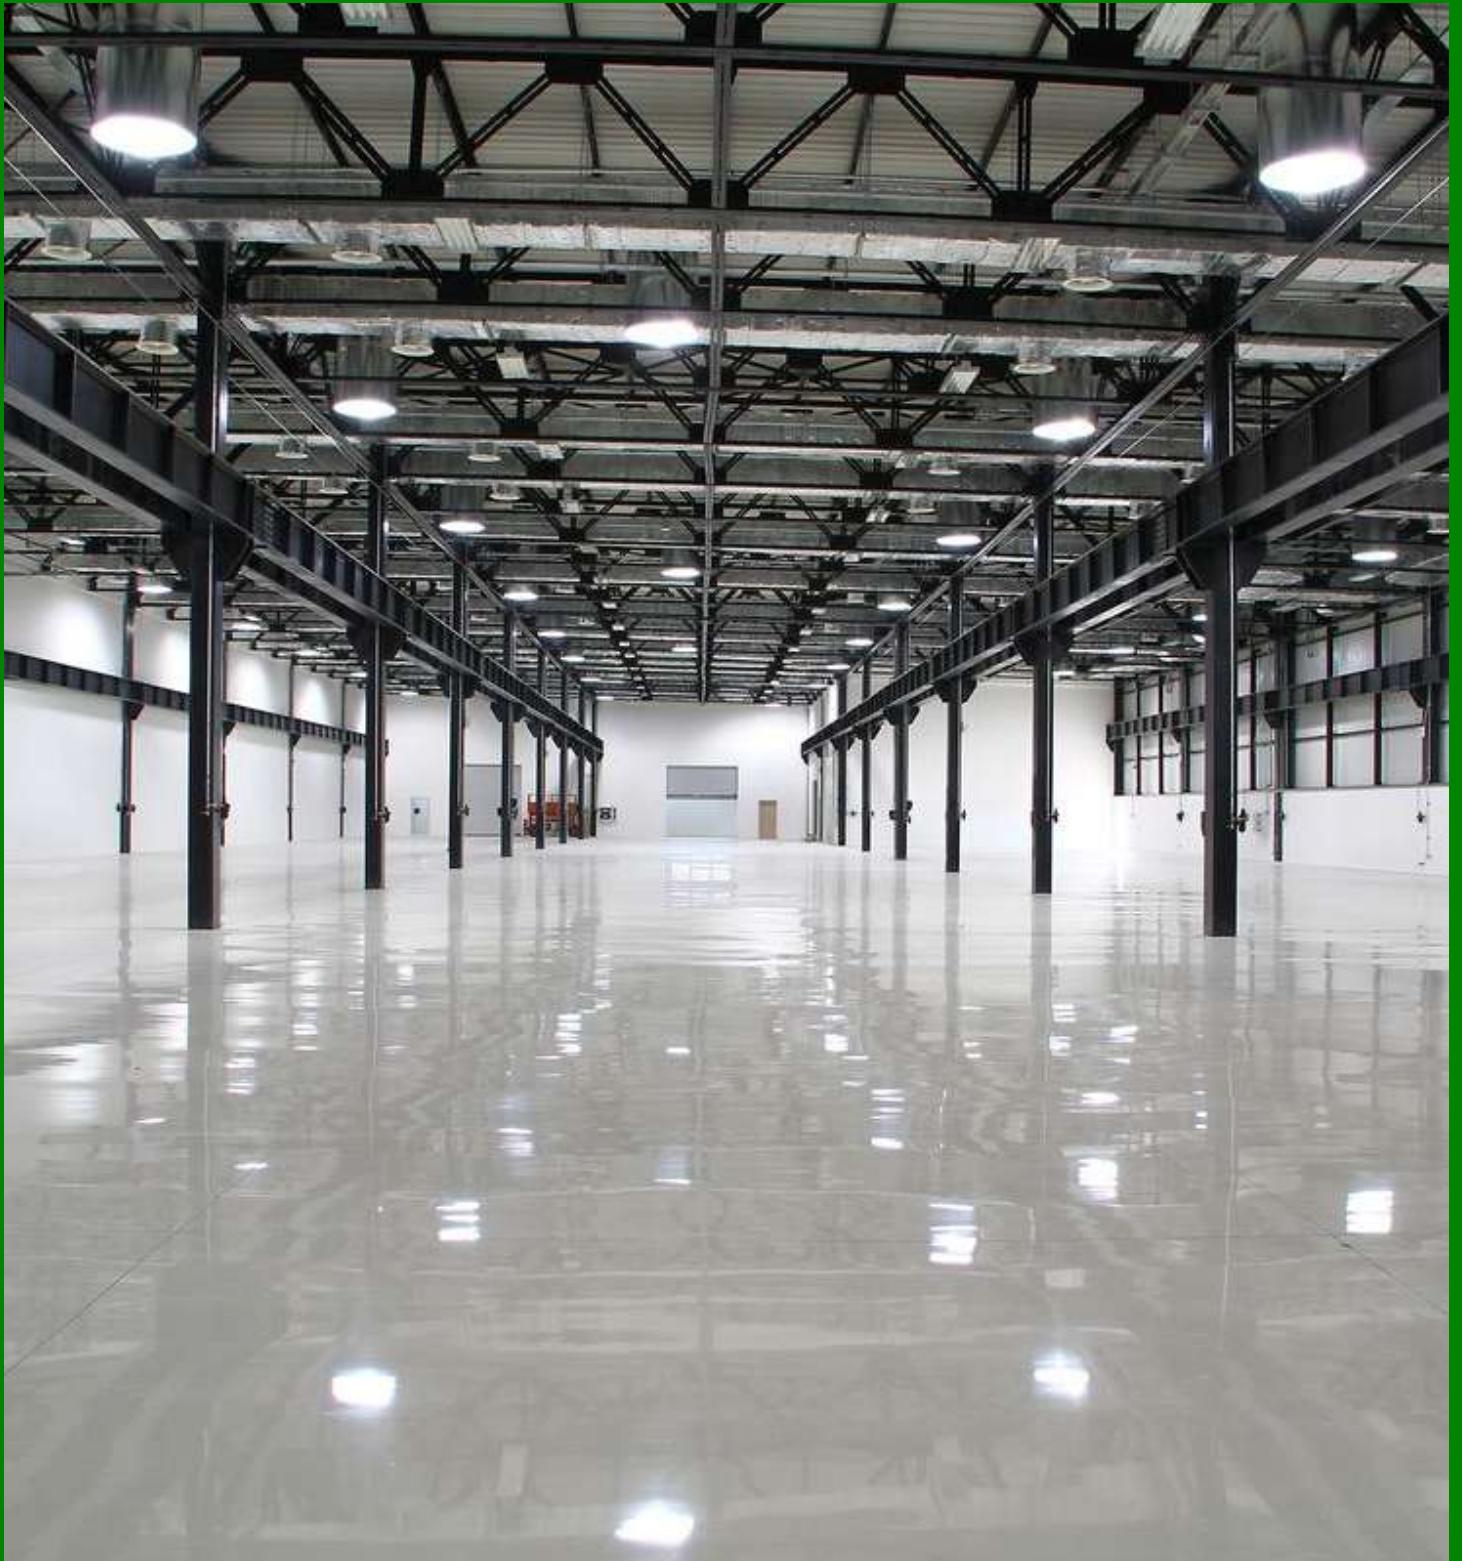

✓ Oil And Grease Proof

✓ Watertight and impervious

✓ High Mechanical Stress

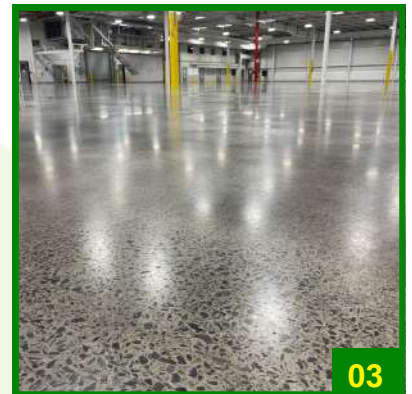

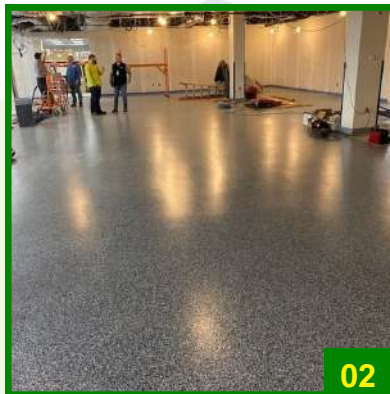

ESD Flooring

ESD Flooring is designed to safely discharge static electricity, protecting sensitive equipment and personnel. Ideal for electronic units, cleanrooms, labs, and server rooms, our ESD flooring material offers excellent conductivity, durability, and chemical resistance. It provides a seamless, anti-static surface that ensures long-term safety, performance, and compliance with industry standards.

Specification :-

- ✓ Weather Resistant
- ✓ Oil And Grease Proof
- ✓ Impact Resistant
- ✓ Watertight and impervious
- ✓ Anti-Slip
- ✓ High Mechanical Stress

Waterproofing Flooring

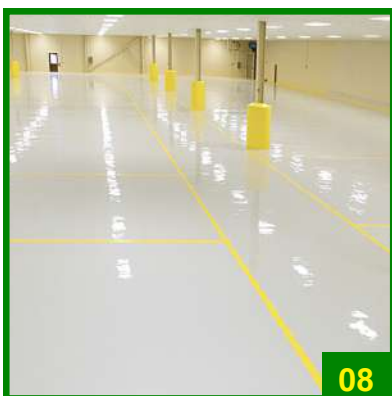

Water Flooring offers an eco-friendly, water-based coating solution ideal for residential and commercial spaces. Our water flooring material is low in VOCs, quick-drying, and easy to apply. It provides a smooth, durable, and stain-resistant finish while being safe for indoor use. Perfect for areas needing sustainable and long-lasting floor protection with excellent aesthetic appeal and easy maintenance.

Waterproofing Area

Specification :-

- ✓ Weather Resistant
- ✓ Oil And Grease Proof
- ✓ Impact Resistant
- ✓ Watertight and impervious
- ✓ Anti-Slip
- ✓ High Mechanical Stress

Epoxy Resin Art Mould

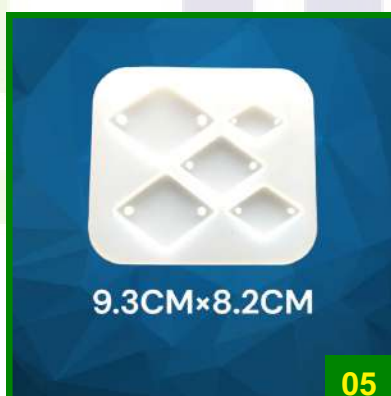

Epoxy Resin Art Mould is crafted for artists and crafters seeking precision and quality. Our moulds are flexible, durable, and easy to demould, ensuring smooth, bubble-free finishes. Ideal for creating jewelry, coasters, trays, and decorative pieces, they support repeated use without losing shape. Perfect for DIY enthusiasts and professionals aiming for perfect resin creations every time.

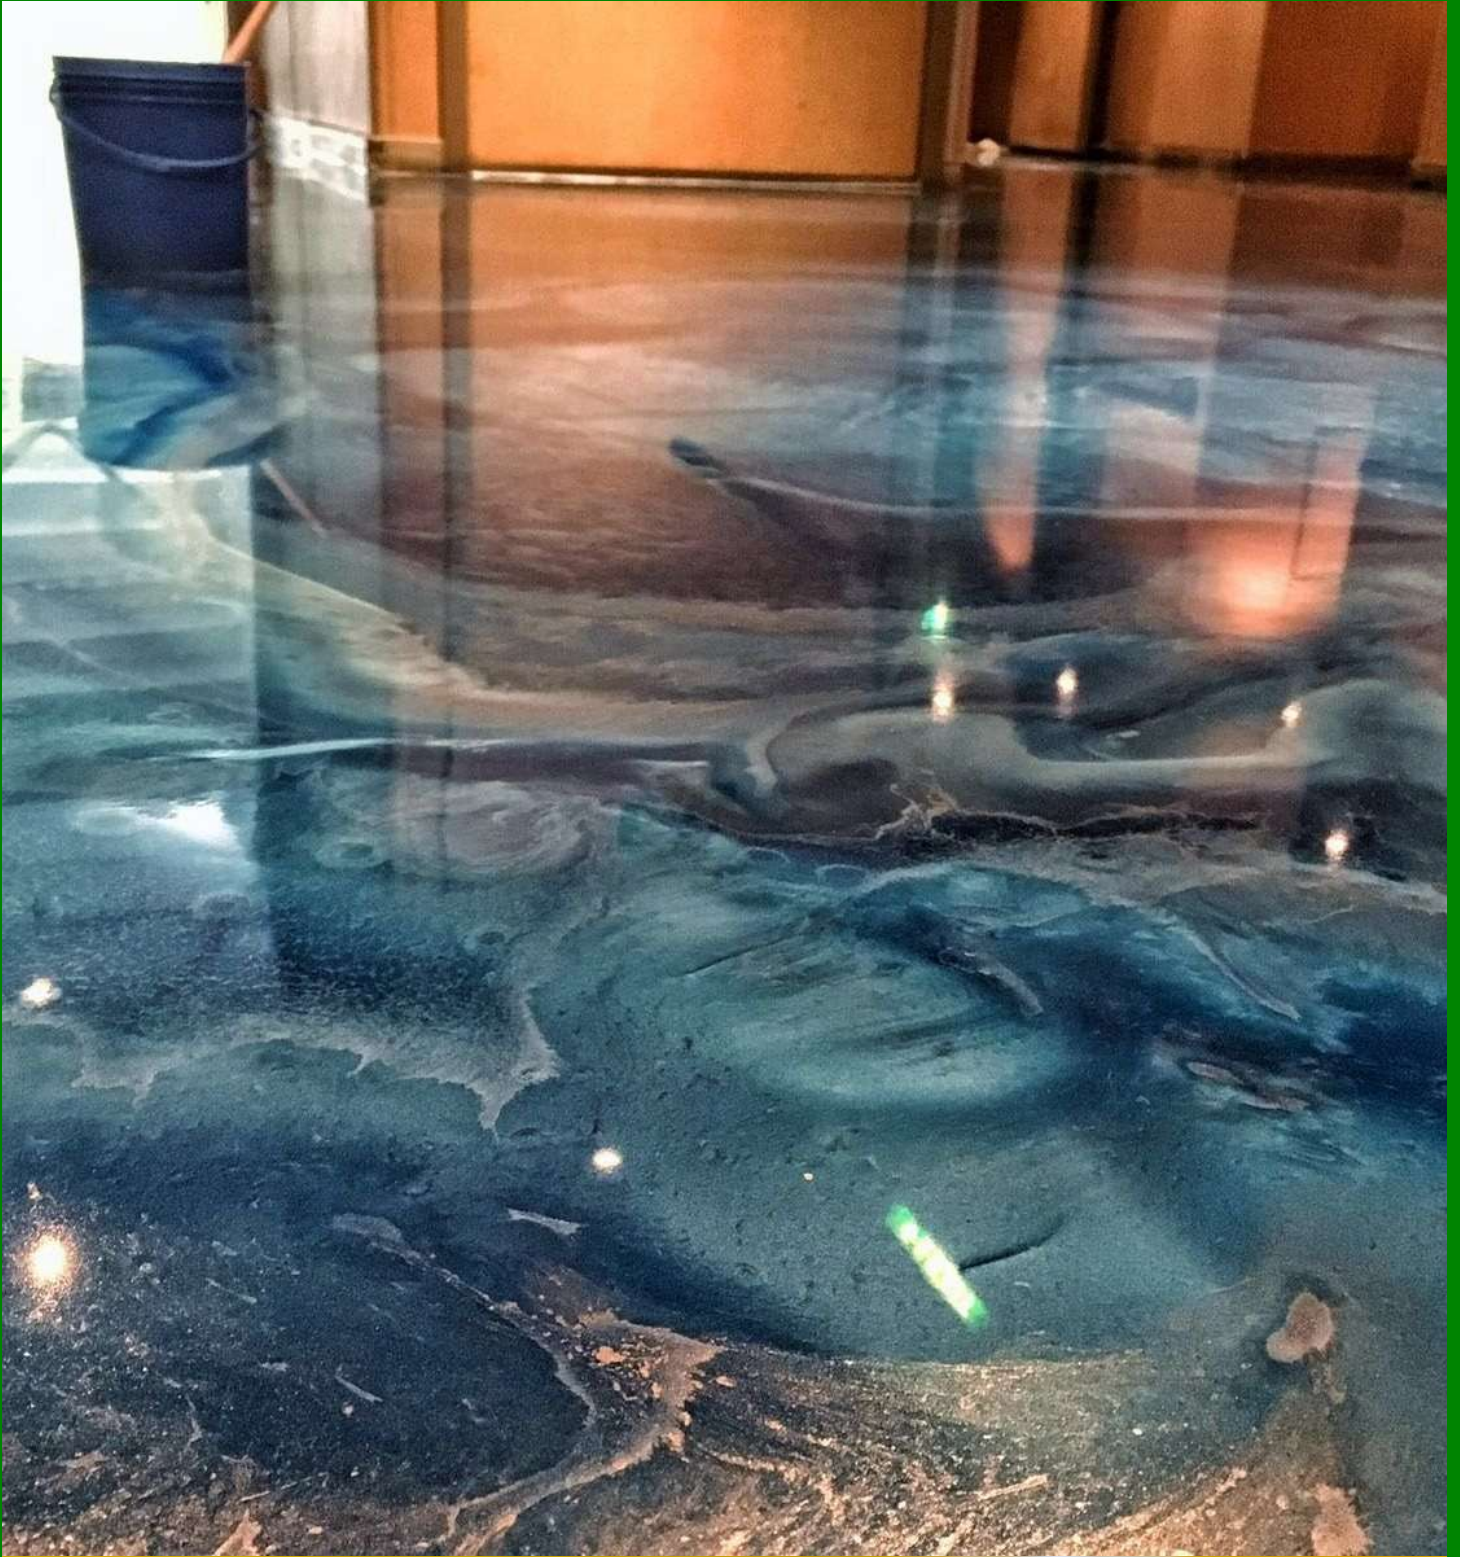

Epoxy Resin Art Mould Area

Specification :-

- ✓ Weather Resistant
- ✓ Oil And Grease Proof
- ✓ Impact Resistant
- ✓ Watertight and impervious
- ✓ Anti-Slip
- ✓ High Mechanical Stress

Epoxy Metallic Flooring

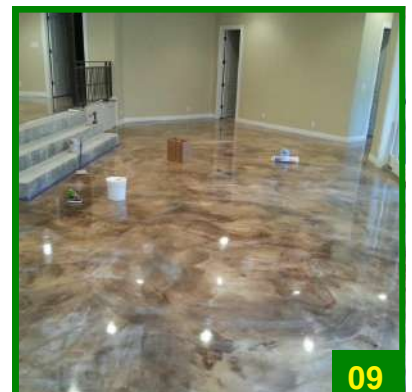

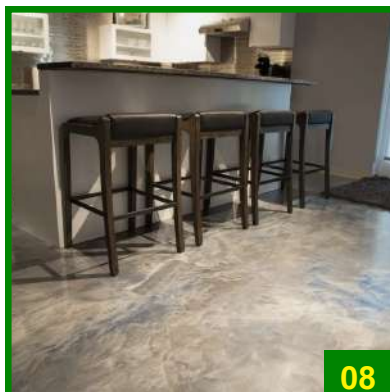

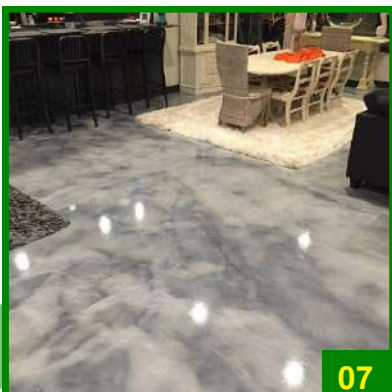

Epoxy Metallic Flooring offers a stunning, high-gloss finish with a unique, three-dimensional effect ideal for commercial and residential spaces. Engineered for durability, chemical resistance, and visual appeal, our metallic epoxy floors combine style with strength. Perfect for showrooms, offices, and luxury interiors, they are easy to maintain and long-lasting. Transform your floors with elegance, performance, and innovation.

Epoxy Metallic Flooring Area

Specification :-

- ✓ Weather Resistant
- ✓ Oil And Grease Proof
- ✓ Impact Resistant
- ✓ Watertight and impervious
- ✓ Anti-Slip
- ✓ High Mechanical Stress

Epoxy Resin Art Material

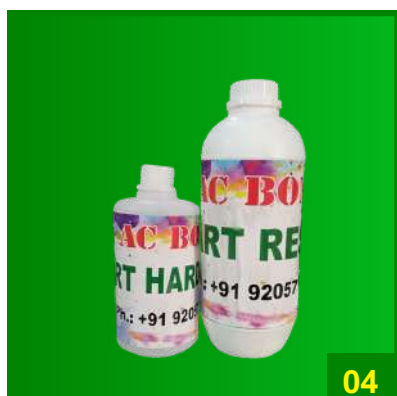

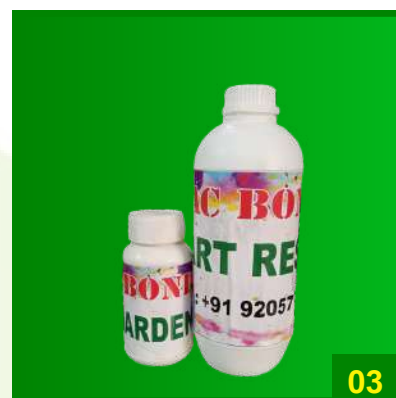

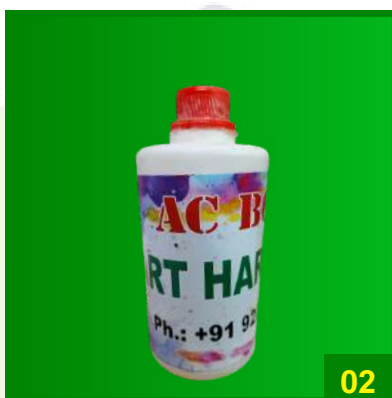

Epoxy Resin Art Material is crystal clear, UV-resistant, and easy to use—perfect for creating stunning resin art. Ideal for jewelry, tabletops, coasters, and decor, it offers excellent self-leveling, strong adhesion, and a bubble-free finish. Our premium-quality resin ensures long-lasting shine, vibrant color retention, and professional results for both hobbyists and experienced artists.

Epoxy Resin Art Material

Specification :-

- ✓ Weather Resistant
- ✓ Oil And Grease Proof
- ✓ Impact Resistant
- ✓ Watertight and impervious
- ✓ Anti-Slip
- ✓ High Mechanical Stress

Bengle Industry Material

Bangles Industry Material is specially formulated for vibrant, durable, and high-gloss bangle production. Our epoxy and resin materials offer excellent clarity, strong bonding, and smooth finish, making them ideal for traditional and modern designs. Easy to work with and long-lasting, they help manufacturers achieve superior quality and consistency in every piece, enhancing both appeal and durability.

Specification :-

- ✓ Weather Resistant
- ✓ Oil And Grease Proof
- ✓ Impact Resistant
- ✓ Watertight and impervious
- ✓ Anti-Slip
- ✓ High Mechanical Stress

Tiles Grout Epoxy Material

Tiles Grout Epoxy Material offers superior strength, water resistance, and a smooth, stain-free finish. Ideal for bathrooms, kitchens, swimming pools, and commercial areas, it ensures long-lasting joints that resist cracking, discoloration, and chemical damage. Easy to apply and clean, our epoxy grout enhances tile aesthetics while delivering unmatched durability and hygiene.

Tiles Grout Epoxy Material Area

Specification :-

- ✓ Weather Resistant
- ✓ Oil And Grease Proof
- ✓ Impact Resistant
- ✓ Watertight and impervious
- ✓ Anti-Slip
- ✓ High Mechanical Stress

Structure Coating

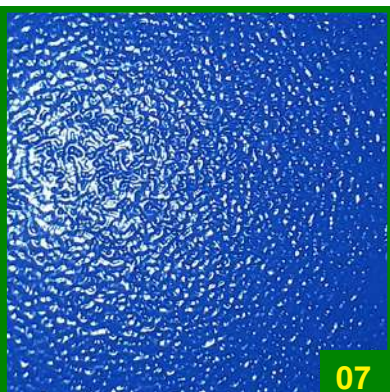

Structure Coating provides high-performance protection for concrete, metal, and other structural surfaces. Our coatings are resistant to corrosion, chemicals, moisture, and harsh weather, making them ideal for industrial, commercial, and infrastructure applications. With excellent adhesion and durability, our structure coatings ensure long-term surface protection and enhance the life of buildings and equipment.

Structure Coating Area

Specification :-

- ✓ Weather Resistant
- ✓ Oil And Grease Proof
- ✓ Impact Resistant
- ✓ Watertight and impervious
- ✓ Anti-Slip
- ✓ High Mechanical Stress
